 - August 2004 - DOE enacts a policy to include all foster children as homeless under the McKinney Vento in accordance with its previous practice since 2001.
 - DOE pays 90% transportation costs – Districts pay 10%

CPAC Educational Needs of Foster Children Committee

- ❑ October 2004 – DOE recommends a statutory change to Committee
- ❑ January 2005 – CPAC endorses concept
- ❑ May 2005 – CPAC approves draft legislation – endorses it as a CPAC bill

Delaware Administrative Law “The Regs”

Immediate Enrollment

- A school district must immediately enroll the student in either the school of origin (as defined in 42 U.S.C. 11432(g)(3)(G)) or the school within the child's out-of-home placement feeder pattern school based on a best interest meeting.
- The decision is made by the parent, guardian, relative caregiver or homeless youth, pending resolution of the dispute.

Examples of Best Interest Meeting

- Factors:**
- Distance
 - Duration of travel
 - Special needs
 - Prospect for quick family reunification
- Best interest determination requirements:**
- A written explanation of the school's decision.
 - A right to initiate the dispute resolution.
 - Notice of the right to enroll immediately in the school of choice pending resolution of the dispute, which includes full participation in all school activities for which the student is eligible.

Delaware Administrative Law “The Regs” Continued

District Level Dispute Resolution Process

- Within ten (10) business days of seeking enrollment, the school district must issue findings in writing and notify the parties of an opportunity to appeal.

Inter-district Resolution Process

- Within 10 days, the school districts must meet to resolve a dispute over enrollment/transportation funding.
- If they can't agree, the dispute goes to the Secretary of Education who then makes a determination based on the student's best interest, as defined in 42 U.S.C. §11432(g)(3).
- This is not a significant issue usually as DOE pays 90% of transportation costs.

Training

- CPAC Committee
- Education and Child Welfare Conference 2005: multidisciplinary conference – Workshops offered on “McKinney-Vento 101” – local and national speakers
- 400 Attendees – In-service Day
- Kathleen McNaught, Esquire from ABA – was keynote

Next Steps -- Memorandum of Understanding – Schools and Child Welfare

- From 2005 – 2008, DOE, DSCYF, School Districts and CPAC Committee (which was renamed the Education Committee) drafted MOU to address McKinney Vento, Mandatory Reporting, Transitions, etc.
- MOU signed in 2008 by DSCYF, DOE and 19 school districts.

Duties under the MOU

- DSCYF
 - Provide care, supervision, and placement of children in court-ordered legal custody of the Department/Division.
 - Plan with families for the child’s educational needs.
 - Request a Best Interest Meeting with the School’s Homeless Liaison upon initial placement in foster care and when there is a change in foster family placement.

- The meeting must take place prior to removing the student from their current school and before any decisions are made about school placement and transportation.

MOU – Schools and Child Welfare

- DSCYF requirements continued:
 - Enroll or withdraw a child who is in foster care in school based on the Best Interest Meeting immediately.
 - Provide/arrange for transportation until school transportation to school of origin is established.
 - Provide the school with information regarding the last school of attendance, grade, credits, and whether the child is receiving special education services.
 - Attend an annual “best interest of the child meeting” at the child’s school.

* At least 1 Family Court Judge has issued an order requiring DSCYF to ensure that a best interest meeting occurs before a youth in foster care switches schools.

MOU – Schools and Child Welfare

- **School/DOE requirements:**
 - Provide transportation to the school of origin if in the child's best interest.
 - Enroll a child in foster care within two school days of referral in a new school even if no records are available.
 - Ensure that the receiving school promptly obtains school and medical records from the sending school.
 - Immediately apply full credits and consider partial credits.
 - Host a meeting in May, with all involved parties (district/school liaison, foster parent, caseworker, parent, Guardian ad litem, CASA, and child) to determine whether it is in the best interest of the child to remain in the school of origin.

Children in Foster Care/DSCYF Custody 13 Del. C. § 2521

In 2009, DSCYF Custody statute was passed.
13 Del. C., Ch. 25

- School of origin is defined as the school the child attended at the time the child was placed in the custody of DSCYF. § 2502(18)

Children in Foster Care/DSCYF Custody 13 Del. C. § 2521

- DSCYF, as custodian, is vested with the following duties and powers (in pertinent part):
 - To continue the child in the child's school of origin, or when not feasible or in the child's best interests, to immediately enroll the child in school pursuant to § 202 of Title 14. The Court shall determine if the school placement is in the child's best interests. §2521(3)

Children in Foster Care/DSCYF Custody 13 Del. C. § 2521

- To consent to educational decisions, subject to applicable state and federal law, including but not limited to, disciplinary proceedings and consequences, academic needs and extracurricular activities of the child, and to request the appointment of an educational surrogate parent when appropriate. DSCYF shall make reasonable efforts to obtain the consent of the parent, and to notify the GAL, prior to making any educational decisions on behalf of the child. § 2521(4).

Benefits of Delaware's Law

- Increases school stability for students in foster care.
- Enables students to maintain some level of routine and normalcy while in care.
- Enhances ties to school and the community.
- Maintains home school if family reunification is achieved.
- Helps address behavior issues, special education, and other accommodations if the school is familiar with the child.
- Maintains home school even if the foster placement disrupts.
- Captures all foster youth in the McKinney-Vento census for funding or other identification purposes.

Delaware Statistics – 2012

- 3,882 Homeless Youth – 525 Foster Care
 - About 200 children in foster care take advantage of McKinney Vento – 38% of 525
- Data exchange
 - Monthly Reports to schools
- Foster Care Transportation Costs
 - About \$356,000/year
 - 90% DOE/10% District

Opportunities for improvement

- The MOU requires a best interest meeting. However, Best Interest Meetings are not consistently happening at the end of the school year or before a child is enrolled.
- DSCYF does not always invite all of the stakeholders: i.e. parents, foster parents, CASA/GAL, or the child (if age appropriate) to these meetings.
- Occasional confusion if best interest placement ends at the conclusion of the school year.
- Despite data exchange, not all schools are made aware: (1) when the child enters foster care, (2) when a placement disrupts, (3) or who is legally required to make decisions for the child based on parental rights, special education needs, or foster family involvement.
- Schools may permit children to remain in their home school, but do not always encourage or arrange for participation in extra curricular activities due to transportation schedules.
- Delaware hasn't yet begun to tap into IV-E funds to recoup federal \$ for transportation

Delaware's Path Forward
